Title: Technology vs Josefina
Author: Josefina B.

Date: 15 April 2018
Course: 3rd A

Today is a warm day in Autumn.
School days are getting
more complicated. I am
back from school and
ready to relax.

I want to listen to music but I can't find my ¹earphones / plugs because my brother is using them! 'They're better than mine', he says. 'It's OK,' I say. I can use my new ²battery / speaker that plays music really loud. However, when I look inside, the ³plug / battery isn't there because it's in my brother's digital camera and, guess what? His friend's got it at the moment.
In the end I decide to watch a funny film on my ⁴cable / tablet but I can't find it. I look in my brother's bedroom. On his desk there's a pile of ⁵earphones / cables that are all different lengths. I finally find the short black one with the right ⁶plug / selfie stick on the end of it for my tablet. 'OK, where is it?' I ask him again.
Then I hear Mum's voice. 'Are you looking for this, love?' she asks. 'I'm just buying some shoes but it's nearly dead. Can you get me the ⁷battery / charger, please?'
